and to seek assistance from their parents. Students are encouraged to work at their own pace, no time limitations set to learn the different skills. Because students develop at different rates, there are opportunities to practice how to play the music scores they have received. Students are encouraged to work out for themselves, embracing the multitasking.

SMOKING BANNED 5 METRES AROUND SCHOOL GROUNDS

Smoking any tobacco products or using an electronic cigarette within five metres of any state or private school grounds has been banned. This applies before, during and after school hours as well as over weekends and school holidays. On the spot fines can be issued by environmental health officers, police or other officers authorised by the local government to anyone found in breach of this legislation. The ban does not extend to businesses or residences that share a property boundary with the school. Smokers are asked to put out your cigarette and dispose of the litter thoughtfully well before you reach the school boundary.

**Parents are reminded that Parking in the School Grounds endangers the safety of your children and is not permitted.***
